

Since 1965, Vollmer has been recognized as a leader within the Industrial, Commercial, and Institutional (ICI) construction sectors by demonstrating its diversified capabilities in dealing with Mechanical, Electrical, High Voltage, HVAC, Millwright and Communication solutions.

## **Network Cabling Technician**

Vollmer is looking to hire a Network Cabling Technician. Applicants should have familiarity in any of the following areas: network cabling, access control and/or CCTV infrastructure. The ideal candidate must be a motivated self-starter who exhibits outstanding communication skills. The successful applicant will be responsible for installing, terminating and testing all types of communication cabling, such as category 6, coaxial and fibre optic cabling. Training and experience in the installation of communication cabling infrastructures and the ability to interpret specs and blueprints is an asset.

If you're ready for an exciting and challenging opportunity that leads to career advancement, then please forward your resume to:
